# The VEGGIES are BACK!

# The VEGGIES are BACK!

 **The Farm Stand at 267 Route 23 in Sussex has new proprietors that aren't new to farming!**

JADS Farm Market is supplied by **John D. Madura Farms** - a 300 acre black dirt farm located on Missionland road in Pine Island, NY. **The family run farm** grows seasonal produce, raises chickens for eggs, cultivates Pine Island mushrooms, has hives for local honey, as well as its own greenhouses where it starts some of its own veggies plants, as well as herbs and an assortment of beautiful flowers.

 **There is nothing better than Fresh, Locally Grown Veggies, Fruits, and Natural Products. A great way to get them, while supporting the farm that grows them, is to join a CSA.**

"Community Supported Agriculture" originally started to help framers get a boost in the Spring to get their crops planted. In return the customer is given a "share" of those crops. JADS Farm Market is the original Farm Market style where the "C"ustomer is in charge .

 **So how does this work?** As a customer, you purchase a share that is then rewarded with a thank you bonus percentage. This gives you your starting balance. You now can come to the stand anytime you want and make your own selections from our fresh producer and any of the other items that we carry from other local farmers. The total is then deducted from your beginning balance. Never any pressure to pick up on certain days or times. No Daily limits or restricted items. And always seasonally fresh!

 **We also have many pop up bonus' like special sales and BOGOs just for our members!**

**You will get to know your farmer and the farm where the food is grown that you and your family are enjoying.** The biggest questions? Pesticides and Genetically Modified Organisms..... **NO GMOs!!** John is certified and practices *IMP (Integrated Pest Management)* which uses practices that keep both your health and the environment risks as low as possible. Our farm is also **GAP (Good Agriculture Practices) certified.** You will enjoy ultra-fresh vegetables and fruits with incredible seasonal flavors - straight from the farm to your table. You will be able to add fabulous colors and flavors to your gardens and beds.

 Share size based on family size and or love of veggies. We offer weekly \$10, \$20 and \$30 share options,

**A Full Season Share is from April 1 - December 24 (38 weeks)**

**A Veggie Season Share is from June 15 - October 31 (20 weeks)**

**Plus a generous bonus if you sign up early!**

**QUESTIONS?** Contact us with your questions by phone at 845-258-1102 or by email at [info@johnmadurafarms.com](mailto:info@johnmadurafarms.com)

For regular updates on what we're picking and what's new at the farm, go to our website ([JohnDMaduraFarms.com](http://JohnDMaduraFarms.com)) and **subscribe to our email** newsletter.

Follow us on Facebook: **John D. Madura Farms** and also **JADS Farm Market!**
