# Eatin' Clean in 2016!

## JADS Farm Market Style CSA

 There is nothing better than fresh, locally-grown produce and products! A great way to get them, while supporting local family-owned farms, is with a share in a **JADS Farm Market Style CSA!**

 JADS Farm Market is supplied by **John D. Madura Farms** - a 300-acre farm located on Missionland Road in Pine Island NY. John is a fourth generation farmer that grows seasonal produce, raises chickens for eggs, cultivates Pine Island mushrooms, has bee hives for collecting local honey. And let's not forget the greenhouses where Kristie starts vegetable plants for the fields (and you!), raises herbs, and designs spectacular flower baskets, plus flats and pots of annuals and perennials.

 You will **get to know your farmer** and the farm where the food you and your family are eating, comes from. The biggest questions? Pesticides and GMO's. **NO GMO!** John is certified as and practices *IPM, Integrated Pest Management*. We can't eliminate pests, insects, plant diseases, molds and weeds completely; and you certainly don't want them on your food. IPM uses field treatment methods that keep both your health and environmental risk as low as possible.

 **Shop Mid-March through December 24, 7 days a week from 9am-5/6pm.** As a JADS CSA member you purchase your debit at the beginning of the season. We then **we add a bonus percentage** as a special thank you for your early investment. You spend that amount "like cash" all season. **You make your own selections** from the fresh produce we grow or items that we carry from other local farmers. The total is then deducted from your balance. Pretty easy right? (and **never any pressure about pick up dates and times...**)

 **Enjoy ULTRA FRESH vegetables and incredible seasonal flavors** - straight from the farm to your table! Plus, we have partnered with other local farmers to bring you additional local products including: local cheeses, Creamline milk, fresh fruits, breads, local meats - ALL INCLUDED IN YOUR CSA CHOICES EACH WEEK for your "share" of the farm market! Not to mention all of the bonuses we offer to our members throughout the year, such as *BOGOs and FREE extra items!*
